

Curtis Industries

A Div. of Powers Holdings, Inc.

Certificate of Compliance For Curtis Industries Products Dated 6/30/06

Curtis Industries hereby declares that all standard products as listed on the attached pages with noted exceptions are RoHS compliant as noted below in accordance with EU directive 2002/95/EC and are manufactured in accordance with RoHS directive guidelines that restrict the use of hazardous substances in concentrations by weight in homogenous materials to the limits as stated below:

1000ppm each for Lead, Mercury, Hexavalent Chromium, PBB, PBDE and Deca BDE.

100ppm Cadmium,

Considering leaded alloy exemptions of:

.35% in Steel, .4% in Aluminum and 4% in Copper.

All other standard and custom products are available as RoHS compliant upon request. Part numbers have not been changed. All products are presently compatible with 260C lead-free processing.

RoHS compliance will be noted on the product packaging for EMI filters and terminal blocks as well as on EMI filter housings with the logo shown below when requested. However, all noted product ordered after 7/1/06 (shipped by date code 0631) is RoHS compliant. EMI Filter housings and packaging are marked with date codes representing the two-digit year followed by the two-digit production week.

Please note that analysis of the raw materials and/or finished goods for presence of the above mentioned substances on a routine basis is neither a part of our quality control plan, nor is a part of the product specifications, and hence it should not be construed as any warranty, expressed or implied.

A Certificate of Compliance indicating RoHS may also be requested for each shipment.

If there are any questions, please contact our RoHS Coordinator, Katie Livingston at kllivingston@curtisind.com or call (414) 649-4200.

Thank you,

Katie Livingston
Program Administrator

RoHS Compliant Products

**All product listed below is compliant
unless otherwise noted**

Terminal Blocks

- A Series, all standards & specials
- BT Series, standard line
- C Series, standard line
- CDM Series, standard line
- E Series, all standards & specials
- G Series, all standards & specials
- H Series, standard line
- L Series, standard line
- Accessories: Tabs, Jumpers
- Accessories: TR1, TR2 & TR3
- Accessories: SW & W track (8/15/06)
- CUS Series
- M Series, all standards & specials
- O Series, standard line
- S Series, all standards & specials
- SE Series, all standards & specials
- SW/W Series (8/15/06)
- FT Series
- T Series, standard line
- U Series, standard line
- 1500 Series, all standards & specials
- 2000 Series, all standards & specials
- 5600 Series, all standards
- 32500 Series, all standards & specials
- 37000 Series, all standards & specials
- 38000 Series, all standards & specials
- 43000 Series, all standards & specials
- 71000 Series, all standards
- 9000 Series terminal blocks

EMI Filters

- F11XXYYZZ Series, standard line
- F12XXYYZZ Series, standard line
- F13XXYYZZ Series, standard line
- F14XXYYZZ Series, standard line
- F15XXYYZZ Series, all standards & specials
- F16XXYYZZ Series, standard line
- F17XXYYZZ Series, standard line
- F176XXYYZZ Series', all standards & specials
- F177XXYYZZ Series', all standards & specials
- F178XXYYZZ Series', all standards & specials
- F19XXYYZZ Series, all standards & specials
- F21XXYYZZ Series, standard line
- F22XXYYZZ Series, all standards & specials
- F23XXYYZZ Series, all standards & specials
- F24XXYYZZ Series, standard line
- F25XXYYZZ Series, standard line
- F26XXYYZZ Series, standard line
- F27XXYYZZ Series, standard line
(Except F2700FB03)
- F28XXYYZZ Series, all standards & specials
- F30XXYYZZ Series, standard line
- F31XXYYZZ Series, standard line
